

CIVIC BOOSTER GROUP FORMED

Los Angeles Developers in New Club's Name

Formal Launching to Begin With Banquet

Offices Opened at Seventh and Spring

Organization of a body known as the Los Angeles Civic Boosters, composed of developers, architects, engineers, and others, was formally launched today by a banquet at the Hotel California.

JOHN A. QUINN, president of the new organization, presided at the banquet.

The Los Angeles Civic Boosters, a non-profit organization, was formed for the purpose of promoting the development of the city.

The organization will have a series of meetings during the next few weeks.

Among those who expressed approval of the aims of the new organization at the first meeting yesterday were:

W. H. C. WARD, president of the Los Angeles Chamber of Commerce.

AMERICA DECLARED NOT ENTANGLED BY ACCORD

State Department Says Nation Will Not Have to Help Force Berlin to Pay Her Reparations

WASHINGTON, Jan. 15.—(AP.)—The United States neither has entangled itself in European politics nor become responsible to the slightest degree for the collection of reparations from Germany as a result of the Paris agreement under which America will participate in the Dawes plan annuities.

The State Department today issued a statement to the effect that the United States is not bound by the Paris agreement to help Germany pay her reparations.

LOS ANGELES IS ASSURED OF GREATER HARBOR BY PASSAGE OF APPROPRIATION BY HOUSE

WASHINGTON, Jan. 15.—(AP.)—Los Angeles is certain now of a greater harbor. By almost the unanimous vote of the entire House the river and harbor bill was passed today—only six members voted against it.

This measure calls for \$5,000,000 of Federal funds—for the greater Los Angeles and Long Beach harbor. Three million five hundred thousand dollars is for the purpose of extending a new breakwater from the Long Beach shore for the inclosing of a greater harbor and must be met with dollar for dollar from the local interests behind this improvement.

There is no doubt that this measure will pass the Senate in practically the same form that it today passed the House.

The administration has agreed to the aggregate figures carried by the river and harbor bill and, therefore, there seems to be little prospect of any upset in the further course through Congress.

While practically all the members had agreed that there should be no amendments to the measure as reported by the committee, Congressman Spring secured an amendment to the measure which carries no appropriation but extends the lines of the harbor at Newport Bay in Orange county. Whether this amendment will remain in the completed bill depends on the Senate action.

COMPANION OF 'JAZZ BABY' SLAYER HELD AT VENICE

Beach Musician, Named in Diary of Girl Who Killed Mother, Wanted in Bay City

Keith Lord, cabaret musician, was arrested by Detective Captain Watson of Venice police last night on a telegraphic warrant from San Francisco charging him with contributing to the delinquency of Dorothy ("Jazz Baby Dot") Ellington, self-confessed slayer of her mother. He was taken into custody as he appeared at Sebastian's Cafe, Venice, where he plays a banjo in an orchestra known as the Erisco Five, and was lodged in the Venice jail without bond pending further instructions from San Francisco.

Lord's arrest is in connection with a roundup by San Francisco police of the "Jazz Bunch" named in Dorothy's diary. Dorothy, found by police in a rooming-house in the northern city yesterday morning, cried out an admission of the murder of her mother, Mrs. Annie Ellington after a series of denials.

ROAD FUND IS SOUGHT

Legislature Has Problem

Exhaustion of Third Bond Issue Necessitates New Financing

Governor's Committee Will Meet to Consider Its Report

SACRAMENTO, Jan. 15.—(AP.)—The State highway system of California, upon which more than \$100,000,000 has been spent and for the completion of which it is estimated an expenditure of \$215,000,000 is required, will be sought by the Legislature during the present session in an effort to avoid stagnation in road construction.

Virtually every dollar of the third highway bond issue of \$40,000,000, voted by the people in 1915, has been spent, money available from the gasoline tax and plate fees may be used for maintenance only, and 40 per cent of the major highway system of the State remains uncompleted.

Because of hostility both in the Legislature and in the State at large to a proposed increase of 1 cent in the present 2-cent gasoline tax, it seems improbable that such an increase will be approved by the Senate and Assembly, or if approved, that the increase will be allowed by Gov. Richardson.

COMMITTEE TO ACT
The Governor's legislative committee, authorized by the Legislature two years ago, will meet here next Monday to formulate final details of its report and, although the committee previously voted 7 to 2 to recommend a 2-cent gasoline tax, it is believed that this action may be reconsidered and an alternative proposition submitted.

Members of the committee previously supporting an increase in the gasoline tax are said now to favor a 2-cent increase, which would result in a 4-cent tax, and a 2-cent increase in the tax on light automobiles to \$25 or \$27 for heavier machines.

INCOME ESTIMATED
Those who have made a study of the highway finance problem assert that the retention of the 2-cent gasoline tax and an increase in the plate fee to \$25, would result in an income of approximately \$12,000,000 at once.

COMMITTEE DIVIDED
It is believed that the committee of nine will adhere in a general way to this program and, disapproving all proposals for additional bond issues at this time, will recommend a construction program extending over the next fifteen years.

Sharp disagreements have arisen among the nine members on several important subjects considered by the committee and it is said the committee has at times been so hopelessly divided that it has been unable to reach a decision.

TO SUFFER ALONE
As for Dorothy herself—she must stand alone to take what the law will give her. It may be that she will be able to secure a divorce, but it may be that she will be unable to do so.

Long Beach May Not Get New Coast Guard Vessels

Strain Between Service and City Officials Cause

Capt. Lucas Tells Trouble With Local Authorities

LONG BEACH, Jan. 15.—Strained relations between Long Beach city officials and the United States Coast Guard service, or that portion of it assigned to catching rum-runners, may prevent the stationing here of two of the new seventy-five-foot cutters, recently built at San Francisco, it was revealed here today by Capt. Charles Lucas, veteran Coast Guard skipper.

Police interference with the work of Coast Guard cutter crews and accusations against members of the crews that have, to date, been unproven, according to Capt. Lucas, are responsible for the strained relations.

Capt. Lucas, now in command of the converted Coast Guard tug Tanager, in which he was assigned to the Craig Ship Yard here. Recent removal of the cutter Vaughan from its berth at the Municipal Dock here to San Pedro by Capt. Griffin, was said to have been necessary because of relations existing between members of the crew and members of the Long Beach police department. Capt. Lucas, who has been assigned to investigate conditions in Long Beach and to report on the advisability of berthing the new cutters here, declared today that, although Long Beach Harbor offers an excellent base for the operations of the cutters, he does not feel that it is recommending the harbor to the Coast Guard authorities unless there is a change in the attitude of the Long Beach police.

COMPLAINT FILED

"In my investigation I found that a certain city employee had filed a complaint with the Long Beach police, asserting that liquor was being brought to Long Beach aboard the United States cutter Vaughan. I personally saw this complaint and intend to make an official report to the federal authorities at San Francisco."

"I was unable to learn that the official had any proof to substantiate his charges, nor could Capt. Griffin, in command of the 'Vaughan,' obtain any proof in his investigation. I have worked for years with Capt. Griffin and regard him as an honorable officer of ability and skill. He tells me that, rather than to continue to undergo annoyances he decided to move his ship from Long Beach."

"Personally, I have always had the most cordial relations with city officials and the Long Beach police department," said Capt. Lucas. "There was one little incident last summer when a year-old watchman was stationed on the cutter at night was arrested by two officers, who failed to use the proper discretion. I went to Chief Yancy, told him the facts and he quickly straightened out the matter."

CHANNELS IDEAL

The channels in Long Beach are ideal places for the cutters to berth and will be still better when they are dredged, but I do not feel like recommending this port until there is a clearing up of the situation here."

Operating out of San Diego, Capt. Lucas said, the Tanager covers a long stretch of California coast, going as far north as San Luis Obispo. Comparatively little business is done at the coast south of Santa Barbara, he said.

The ideal method of enforcement, he said, is to follow a rum-laden ship with Coast Guard cutters and to stay with that ship all the time he is in the harbor. "She can unload her cargo with this kind of vigilance because the cutter can prevent contact with shore boats."

Work on Wilson Sarcophagus to be Finished Soon

WASHINGTON, Jan. 15.—Work on the sarcophagus of "Woodrow Wilson" in the national cathedral here is nearing completion.

The top, bearing a cruciform cross, beneath which are the name and date of the birth and the death of the War President, has just been put in place. The sides of the sarcophagus, which fit into a window niche in Bethlehem Chapel, beneath which the body now lies, are of Minnesota limestone. An iron grill and a canopy will complete the work.

SAVES NEIGHBOR FROM AWFUL DEATH

(LOCAL CORRESPONDENCE)
ALHAMBRA, Jan. 15.—Saved from probable death through the quick action of a neighbor, Mrs. T. A. Nelson, 220 South Eighth street, was painfully burned today when her clothing caught fire from an open-flame gas stove in her home. Mrs. Nelson suffered severe burns on the arms and back, but will recover, physicians state.

The victim was alone in the house at the time. She passed near the stove her dress suddenly caught fire. She ran screaming from the house and a man living in the neighborhood ran to her rescue and succeeded in beating out the flames.

POMONA ENTERTAINS STATE CREDIT MEN

(RECEIVED DISPATCH)
POMONA, Jan. 15.—Pomona will be host on Saturday to leading credit men from all parts of California when a meeting of the California Association of Retail Credit Bureaus is to be held here, according to A. V. Storer, manager of the Pomona Valley Retail Credit Association, who has just returned from a meeting of the State association at San Jose. The meeting here will break a precedent of the State body, which has heretofore met only in the larger cities of California. Almost all of the forty-seven cities represented in the membership of the association are to be represented at the meeting here by heads of their credit bureaus.

EXPULSION OF BISHOP APPROVED

Church Court's Finding is Upheld by Review Board in Arkansas Diocese Case

CLEVELAND, Jan. 15.—Expulsion from the ministry was announced here today as a fitting punishment for Rt. Rev. William Montgomery Brown, retired bishop of the Protestant Episcopal diocese of Arkansas. The finding came from the church's board of review, after three days of argument on the action of the trial court which last May found Bishop Brown guilty of uttering doctrines contrary to those held by the church. The reviewing body discovered no error at the trial, affirming those proceedings without exception.

Bishop William A. Leonard of Cleveland, presiding officer of the review court, explained that the power to put the sentence into effect rests with the House of Bishops. The body, which met at the general convention of the church in New Orleans next September, will hear the reports of the trial and review courts and approve or disapprove them. Approval can be given only by a three-fourths vote of all the 30 bishops entitled to cast ballots.

Pneumonia Fatal to Thomas Foley, Tammany Chief

NEW YORK, Jan. 15.—Thomas M. Foley, long a leader in Tammany Hall's forces, and one of Gov. Al Smith's most ardent supporters, succumbed to pneumonia today. His death was a shock to his friends, as it had been reported that he was on the road to recovery.

He was a native of Brooklyn and was in his seventy-fifth year. He was the father of many men who have become powerful factors in Tammany. Born into a family of modest circumstances, he had little schooling and when he was 14 became an apprentice to a blacksmith. After working at his trade a few years he moved to New York and became a saloonkeeper. Before long he was a ward leader and soon became leader of a district and was in the high councils of the organization. His defeat of Patrick Davis for control of the Third Assembly District was a picturesque contest. He was a member of the New York City Council and was elected Sheriff in 1908.

SURRENDERS, TELLS INN HOLD-UP ATTEMPT

TAXI DRIVER CITES DETAILS BEFORE HIS MOTHER AND OTHERS

NEW YORK, Jan. 15.—Adrian J. Davis, 34 years of age, taxi-cab driver of this city, returned here today and surrendered himself to Capt. Max P. Fisher of the New York police department and then, in the presence of his mother, Mrs. P. D. Hartley, and brother, Ivan Davis, and police officers, gave a detailed account of the details of an attempted hold-up of the Plantation Inn, a roadside liquor of this city, last September. In the attempted robbery there the four men involved were shot and killed by officers placed in the inn after an informer had notified the office of Sheriff Ellis Jones.

Davis declared the hold-up had been "framed" by Clyde McNett, an ex-convict, and that during the shooting McNett fled from the scene of the attempted robbery.

McNett, recently at a court trial in Martinez, in which he was a defendant, told the matter to Davis related today, according to the officers.

WABABI HEAD HURT BY BOMB, LONDON HEARS

(BY CABLE AND ASSOCIATED PRESS)
LONDON, Jan. 15.—The head of the Wahabi forces, has been wounded by a bomb, according to advices to the Daily Mail from Jerusalem, quoting the Arabian press.

The Hedjaz army, which has killed a severe blow to the Wahabi forces, is now at the gates of Mecca, according to the dispatch which stated that the Wahabis were fleeing.

SOCIETY GIRL SUED OVER AUTO ACCIDENT

(BY A. P. NIGHT WIRE)
REDWOOD CITY, Jan. 15.—Miss Helen Marye, Hillsborough society girl and daughter of George T. Marye, former American Ambassador to Russia, was made defendant in a \$50,000 damage suit filed here today by Rocco Miragliotta, who charged that Miss Marye, while driving an automobile, ran down and permanently injured his 9-year-old son, William, July 9, 1923.

PAROLED BANKER IS HELD BY FEDERALS

(BY A. P. NIGHT WIRE)
SAN QUENTIN, Jan. 15.—Mont Berg, former Plumas county banker, was rearrested on a Federal charge when he was released on parole from the State prison here today after serving two and one-half years of a seven-year sentence for embezzlement of funds of the banks in which he was interested. The Federal charge is misuse of the funds of a national bank.

BANDIT SAYS HE IS SON OF SAN DIEGANO

(BY A. P. NIGHT WIRE)
CHICAGO, Jan. 15.—Fred Ruhoff, 24 years of age, who says he is the son of a wealthy upholsterer in San Diego, Cal., has confessed committing twenty-five robberies with the aid of a toy tin pistol, according to police. He was held to the grand jury in bond of \$25,000 today.

Five-Acre Units

- Situated in One of Oldest and Richest Fruit Districts in Southern California
- Wonderful Scenic Surroundings With Vistas of Nearby Hills and Mountains
- Only Two Hours by Automobile Over Paved Boulevards from Center of Los Angeles

ONLY \$500 TO \$800 PER ACRE ON EASY TERMS FROM OWNERS WITH NO MIDDLEMEN'S PROFITS TO PAY

For Property That Cost \$2000 Per Acre to Develop

These holdings comprise the Arlington Heights Fruit Company Estate, which for years has been one of the noted large citrus properties of Southern California. The property was purchased thirty years ago by a group of wealthy Englishmen because of its extremely rich, deep soil, perfectly drained and easily worked and irrigated; the abundant and dependable water supply from the headwaters of the Santa Ana River; and because of the perfect climatic conditions found here for growing any kind of fruit or diversified farming crops that create wealth for land owners in this section of California.

Money was spent lavishly, not only in bringing the property and the fruit orchards to the highest point of yield and cultural development, but also in making the Estate, in effect, a beautiful park, with its miles of boulevards and avenues lined with ornamental trees of many kinds, varied semi-tropical shrubbery, miles upon miles of rose hedges and other flowers.

The home site units of five acres or more, each with its income from the citrus groves, are veritable garden spots in one of the most attractive and desirable residential districts in the Greater Los Angeles area; situated in the outskirts of Riverside, a city of 37,000, famous for its civic and cultural development, its beauty of surroundings, its fine homes, community advantages and its prosperous population—a city served by three transcontinental railroads, and by the Pacific Electric, with its network of suburban lines covering Southern California.

Values Absolutely Sacrificed to Liquidate Holdings of English Heirs

The men who bought and developed this great property are dead. Their heirs, all living in England, recently voted to liquidate their California holdings at once to realize quick cash. This necessity caused their Los Angeles agents to subdivide the Estate in units of five acres and more and to place the acreage on the market for immediate disposal, regardless of value.

This creates for you the greatest opportunity in the history of Southern California lands, we believe, to acquire the finest type of home site at phenomenally low prices and on easy terms. Such a chance will probably never come again.

We are actually selling these units of a highly developed Estate, with its costly improvements, heavy-bearing groves and beautiful surroundings, which have taken years of time and millions in money to create for less than the value of bare land and water rights in this district—at 20 to 50 per cent of the actual cost of development.

Dependable Water Supply

The Arlington Heights Fruit Company Estate is irrigated by the Gage Canal System which, since it was built more than a quarter of a century ago, has never known a water shortage. The Gage Canal System is owned by the land holders. It is a non-profit, co-operative water company. With every acre of land we sell we give you free of cost two shares of stock in the company, which have a present cash market of \$125 per share. If you buy land here you own your own water, and the only irrigation cost is your share of maintenance and upkeep, giving you one of the cheapest water costs to be found in any district in the State.

If you are interested in acquiring such a home site we urge you to inspect the property at once. Sales are going forward rapidly and the acreage will soon be off the market at these prices. Call at our office today for complete information, or telephone or mail the coupon for full details. We will gladly drive you to Riverside to look over the Estate.

WELLS AND GALFUND IN TONIGHT

Rival Welterweights in Main Event at Hollywood Legion Show

Meeting in the first bout of an elimination series which will eventually bring forth a Pacific Coast welterweight champion Bermondsey Billy Wells, one of the favorites to win the title, and Harry Galfund connect tonight in the Hollywood American Legion arena in the main event of the evening's entertainment.

Wells has appeared in the Legion ring before, and as a lot of backers, both Galfund comes from the East with a formidable reputation and man; who have seen him work are of the opinion that he is Wells' aspirations for a loop.

Be that as it may, the Hollywood crowd is more advancing a lot of action tonight. In addition to the main event, which looks close, a card of well-matched bouts will precede the big rampus.

Billy Wells and Galfund will step six rounds in their bout. Both are used to long battles, and neither will have any advantage over the other in a six-round battle.

Fresh off the main event will be a bout between Johnny Grella and Herman Ackerman, who fight under the name—wind-up. Teddy Seldman and Jack Lewis have been lined up for the feature prelude while Charley Ledger and Joe Remann meet at 136 pounds; Jimmy Gerardino and Joe Gaerardo collide at 138; Sailor Ackerman and Scotty Dietz meet at 140 pounds, and Jim Garwood and Harry Sooley open the program.

LUIS ANGEL FIRPO PLANS FRENCH TOUR

(BY CABLE AND ASSOCIATED PRESS)
LONDON, Jan. 16.—Luis Angel Firpo left for Paris today to complete arrangements for a motor trip through Europe. He will remain in Paris several days waiting word from Tom Gibbons, American light heavyweight, whom he fought last November, but yet decided whether he will accept the terms for their proposed bout on Feb. 9.

The International Sporting Club on March 20,

CARDS MEET SAGEHENS

Stanford Quintet Clashes With Pomona College Five at Claremont Tonight

The Manual Arts High School gymnasium school and re-chosen the Stanford Red yesterday as the cardinal basketball team took its final workout before meeting Pomona College at Claremont tonight. Coach Andy Kerr allowed a team of his red-shirted warriors to gallop through their paces yesterday and they're all in the best shape possible.

Ernie Nevers and Harry and Ted Shipkey, gridiron heroes, were on the floor and will more than likely be seen in action again tonight. Kerr will probably start Levers and Price at forwards, Jay and center and Shipkey and Capt. Alivas at guards. Ted Shipkey will replace Price at forward if anything happens to him.

Coach Colvig (leath of Pomona) will probably start the game with Merritt and Wilson in the forward lineups. Capt. Ralph Jesson at center and Hezemaiah and Robles at guards. These are the strongest line-ups the two schools can put on the hardwood and it should be a close battle when the two squads meet.

Stanford has a mile-wide edge but that doesn't mean that they will run up a big score. The Palo Alto team's strength lies in its airtight defense rather than in its offensive power. Pomona, after having beaten a bad looking Whitler College last week, has improved considerably and should make a strong showing.

BENNY LEONARD QUILTS FIGHTING

(BY A. P. NIGHT WIRE)

NEW YORK, Jan. 15.

Benny Leonard, world's lightweight champion, announced his retirement from the prize ring here tonight.

ROCKNE NOT COMING TO TROJAN JOB

Famous Grid Mentor Says He Plans to Remain at Notre Dame

(EXCLUSIVE DISPATCH)

CHICAGO, Jan. 15.—There is no chance of Knute Rockne, famous football coach of Notre Dame university's national champion team, leaving the post of head coach at the University of Southern California, Rockne emphatically declared that he would stick to Notre Dame to day as he passed through Chicago en route to Notre Dame from the Coast, where he spent a few days' vacation after his team defeated Stanford University on New Year's Day.

Rockne declared he has a long term contract to till at Notre Dame and added that two representatives of Southern California happened to be on the same train with him en route from the Coast, which he believed started the rumor that he was to coach the Coast eleven.

LOCAL LAUGHS

Each week The Times produces a film entitled "Local Laughs," consisting of the funniest local jokes submitted by local people. Weekly prizes are paid of \$5, \$3, and \$1 each. A list of those submitting the funniest jokes, together with their names and addresses, is given daily in a column in The Times. Prize-winners are given a check for the amount of their prize, and their names are printed in the Times. The Times also sends a certificate of appreciation to each winner.

Foreigner: I find the American people very slow to learning.
"How so?"
"Well, I am residing in this city over twenty-five years, and they don't try to learn my language."

Mrs. George Zast, 786 Clinton street, City.

"You are fond of using the word 'plunk'?"
"Yes, sir—a friend of mine once saved his life by using a long word."

"How so?"
"Called me a prevaricator. If he'd called me a liar I'd have gone for him at once—but the time I looked it up in the dictionary he was blocks away."

George A. Posner, 1517 West Forty-eighth street, City.

Etiquette Book of 1663 is

Timely Still

Good Form Always Courteous

and Thoughtfulness

Maxims for Girls of Bygone

Years Funny Now

BY FREDERICK J. HASKIN

(REUTERS DISPATCH)

WASHINGTON, Jan. 15.

While the modern American idea

of correct manners is still a far

cry from that of Beau Brummel,

and despite the many attacks on

the conduct of the modern youth,

a desire to know and to do what

is "good form" is becoming more

general with the people of this

country. This is evidenced by the

sale of books on etiquette.

Until recent years it was con-

sidered by the average citizen

to follow the rules laid down by

the etiquette books. But now, in

many cases, the rules are being

broken. The etiquette book of

1663, however, is still a very

valuable guide. It is more and

more becoming a rule of life.

It is a book that is not only

valuable, but it is also a book

that is becoming a rule of life.

It is a book that is not only

valuable, but it is also a book

that is becoming a rule of life.

It is a book that is not only

valuable, but it is also a book

that is becoming a rule of life.

It is a book that is not only

valuable, but it is also a book

that is becoming a rule of life.

HEALTH CHIEF IS COMING

Dr. Cumming to Confer on Rodent Control; State

Head Lauds Los Angeles Situation

REUTERS DISPATCH

WASHINGTON, Jan. 15.

Dr. Hugh Cumming, head of the Pub-

lic Health Service, will leave Washington Sunday for a conference with

President E. H. Clegg and other officials of the State Board of Health of

California, to co-ordinate and consolidate all the work in eradicating

infected rodents for the purpose of cleaning up the remnants of this

pest and the giving of a clean bill of health.

Efforts of competitors to inter-

fere with the shipments of lettuce

and other vegetables grown in the

Imperial Valley have failed. Dr.

Cumming had a special investiga-

tor make an immediate inquiry

and has given the valley a clean

and definite bill of health.

CITY IS PRAISED

The letter, dated the 15th inst.,

received by Dr. Cumming today,

said:

"I think it will be very nice,

if you will make a trip to

California in the near future, to

acquaint yourself personally with

the rodent situation. I have

been very much interested in the

work of the California State Board

of Health.

PEKING FEARS FOREIGN MOVE

Forbids Advance on Shanghai to Forestall Action by

Powers; Joint Army to Bar Manchus

REUTERS DISPATCH

PEKING, Jan. 15.

In an effort to forestall vigorous diplomatic

action over the intolerable Shanghai situation, the Cabinet has approved

mandates abolishing the military commission there, suspending

work preparatory to the removal of the arsenal and prohibiting the

stationing of troops in Shanghai.

Private telegram report that the

consular body, upon the action

of commercial organizations, is

preparing a strong protest which

will be forwarded to the diplomatic

corps. The diplomatic corps feels

that immediate action is neces-

sary.

The presence of almost 11,000

disarmed soldiers within the for-

eign settlement is considered a

grave danger.

The Cabinet still declines to au-

thorize a punitive expedition by

Marshall Lu Yung-Hsiang against

Shanghai. Two Manchurian

troops are now sent to the Yang-

tze, with another at Peking, and

many other troops moving south-

ward despite the effort of the

Chinese government to prevent

the movement of Manchurians

there, which the natives

are certain to resist.

Tuan Jui-shan, disturbed at the

Kuomintang pronouncement de-

nouncing his reorganization con-

ference, has written Tuan Rufeng

further money from him for the

army.

KANSAS BANK HEAD RESIGNS

Peterson, Named in Affidavit as Bribe Solicitor, Drops

Defiant Attitude to Attorney-General

REUTERS DISPATCH

TOPEKA (Kan.), Jan. 15.

Carl J. Peterson, State Bank Com-
missioner, an appointee of Gov. Davis, resigned today. In a letter to
Gov. Paulsen he declared he had decided to ignore the demand of C. E.
Griffin, Attorney-General, that he resign or face court proceedings.
He said his resignation was merely the ratification of his assertion six
weeks ago that he was willing to withdraw. The resignation had
been expected.

Peterson has been named in two
affidavits in the last few days as
being connected with the bribery
scandals which sent Gov. Jona-
than M. Davis out of office Monday
under a cloud. Peterson refused to
resign Monday afternoon, when
Atty.-Gen. Charles B. Griffin
showed him the affidavit of A. L.
Oswald of Hutchinson in which
Oswald named Peterson directly
as soliciting a bribe of \$2500 to get
a parole for Walter Grundy.

"Better think it over a day or
two," Griffin told Peterson in the
meanwhile the Attorney-Gen-
eral's office proceeded with the
preparation of a warrant against
Peterson. Yesterday Peterson
began negotiations for his
resignation.

Peterson has been accused of
using the banking department for
political purposes in that he had
been a political friend and po-
litical worker.

Peterson has had more or less
of a storm period in his admin-
istration. He went into the office
in the fall of 1923, and in the
virtue of the fact that he was se-
cretary of the Democratic State
Committee and had been Jonathan
Davis's campaign manager in 1922
when Davis was elected Governor.
He had never had any banking ex-
perience before he was appointed.

Bill to Change

Rainier's Name

Killed in House

REUTERS DISPATCH

WASHINGTON, Jan. 15.

The House Public Lands Committee, by
a vote of 5 to 4, today refused to
report a Senate bill to change the
name of Mt. Rainier, Washington,
to Mt. Tacoma.

This action of the committee,
taken in executive session, is
equivalent to killing the measure as
it cannot be brought up in the
House before adjournment on
March 4. Committee members said
that at a vote of 6 to 3 a reversal
of today's decision.

The proposal to change the name
of Mt. Rainier to Mt. Tacoma has
been a controversial matter in Con-
gress for several years, with mem-
bers of the Washington State dele-
gation to the House, where it
was referred to the Committee on

FORTUNE IS INVOLVED IN LITIGATION

Heirs of Riverside Woman Ask Court for Reappraisal of Property

(RECEIVED DISPATCH)
RIVERSIDE, Jan. 15.—What is said to be one of the largest single pieces of litigation from point of money involved ever before the local Superior Court began in Judge W. H. Miller's court today. The case is said by the plaintiffs to involve nearly \$500,000, which they assert, comprises the estate of Mrs. L. A. Day, well-known Riverside woman, who died April 16, 1922. The suit is brought by Paul Willard on behalf of several of the heirs as an objection to the inventory of the estate filed by Eugene H. Day, administrator and a son of Mrs. Day. The plaintiffs claim that the estate of Mrs. Day was worth nearly \$500,000, and that the inventory filed by Eugene H. Day, administrator and a son of Mrs. Day, is grossly undervalued. They claim that the estate was worth nearly \$500,000, and that the inventory filed by Eugene H. Day, administrator and a son of Mrs. Day, is grossly undervalued. They claim that the estate was worth nearly \$500,000, and that the inventory filed by Eugene H. Day, administrator and a son of Mrs. Day, is grossly undervalued.

TEXAN ADVISES LIVE STOCK CUT

Stopping of Overproduction Urged as Necessary

Speaker at Convention, Also Talks on Financial Ills

Delegates Recede and See Indian Ceremonies

(BY A. P. MORTIMER) ALBUQUERQUE, N. M., Jan. 15.—The American National Live Stock Association held only a short session today and recessed while the delegates went to Isleta, near here, to witness an Indian dance. During the session, the convention heard a vigorous criticism of the Redford report on grazing fees by F. A. Phillips, of Baker, Or., and a speech by T. W. Turney of El Paso, Tex., on problems confronting the industry. A telegram from Howard M. Gore, acting Secretary of Agriculture, promising to give "consideration and heed" to every suggestion of the cattle men, was read.

Turney declared the stock men must stop overproduction of live stock. "The stock-raising industry is too big and too widely scattered, in my opinion, to ever put into effect a scheme for the orderly marketing of cattle," he said.

Touching on the financing of the industry, he declared "if loans to cattle men are good loans, made through intermediate credit banks, they are good loans if made direct to the cattle man. The other way is not available to finance the organization of local banks necessary to operate independently of the intermediate credit banks, and he said now prevalent in the industry under which the local banks are forcing stock men to rush their cattle to market in order to repay bank loans."

FORCED TO SELL. "There is a cattle-loan company in my town that loaned \$11,000, on \$40,000 head of good cattle," he declared. "As long as New York, Boston and Chicago bought that best of the best paper in the country. But when eastern cattle markets quit buying that paper and it came back for collection, stock men were forced to sell their cattle to pay their loans. There are only 15,000 of those cattle left; the others have gone to market."

"What business had those cattle to be sent to market? They certainly could not be used for beef, but the packers bought them and put them into cans and somebody as poor as the cattle man who had to send them to market before they were grown, will buy the canned food because of necessity."

"A cow in that lot sold for \$3. It was a white face and if the industry had been properly financed, that same \$3 cow would have raised a calf worth \$25. But the mother was slaughtered to provide canned meat."

"If that's going to be the story of the live-stock industry, let's find out; let's find something else to do. We have got to meet the situation."

NEW LOAN PLAN. "If the government can find security for loans through the little local companies, the government, by taking out the same 10 per cent of the amount borrowed, which the little company deducts now, can use this 10 per cent of the loan for the purpose of establishing initiatory companies to make loans in the first instance. Such initiatory companies supervised by the government would prove much safer than the existing local companies controlled by others than the government."

The convention has its heaviest day tomorrow, when it will hear a number of speeches, elect officers, adopt resolutions and name the next convention city. Phoenix, and Salt Lake City are favored by many delegates, with San Francisco and Portland, O., having outside chances. Fred H. Kirby, of Long Beach, Cal., probably will be re-elected president if he will accept, according to delegates. Other names mentioned in connection with the presidency included Mr. Turney, who is a former president of the Texas and Southwestern Cattle Growers' Association, and C. H. O'Donell, of Bell Ranch, N. M., now vice-president of the national association.

SLAYERS OF RANCHER LOSE IN HIGH COURT

FINDING OF SIXTYSIX COUNTY JURY UPHOLD; ONE TO ESCAPE NOOSE

(BY A. P. MORTIMER) SAN FRANCISCO, Jan. 15.—The State Supreme Court today upheld the conviction in the Sixtysix county superior court of Ronald Charles Erno and William Hard for the murder of Frank Skene, a rancher, and the sentence of death imposed on the two defendants. Hard, however, has escaped the noose through the intervention of Gov. Richardson.

The court, coming itself to the record of the case, upheld the lower court in both convictions. After the trial, however, Gov. Richardson upon his own investigation, found that Hard was under the legal age limit for hanging a criminal in this State and commuted his sentence to life imprisonment. No evidence of his age had been introduced into the record.

The men were accused of having murdered Skene, a rancher in an isolated portion of Sixtysix county known as Sam's Neck, after Skene had befriended them. They had come from Los Angeles, where Hard had his gun.

Erno is in San Quentin State prison awaiting execution. A new execution date will be set by the Sixtysix county court.

ENLARGE TERRITORY. (EXCLUSIVE DISPATCH) DINUBA, Jan. 15.—Harry Samml, local manager for the Pacific Telephone and Telegraph Company for the past three years, has had his territory increased. The towns of Selma and Kingsburg have been added to Samml's district, this making him manager for Dinuba, Selma, Kingsburg, and Orange Cove. This change is the result of the transfer of A. P. Litch of Selma to the northern part of the State.

FIND AIRPLANE AND SKELETON

French Stumble Upon War Tragedy Hidden in Forest

(BY CABLE AND ASSOCIATED PRESS) AMIENS (France) Jan. 15.—The remains of a German airplane and the skeleton of its pilot have been found in the forest of St. Pierre-Vaast, near the French battleplanes which was discovered by a squad of artillerymen early this month.

The French plane, in the debris of which there were two skeletons, has been identified as belonging to the One Hundred and Sixth Escadrille. Two machines of that unit collided while attacking a German plane on September 24, 1918, and fell into the woods.

FACTIONS TO ARBITRATE CHURCH ROW

Chicago Congregation and Pastor to Put Matter to Board for Decision

(EXCLUSIVE DISPATCH) CHICAGO, Jan. 15.—Members of the fashionable New England Congregational Church at their annual meeting last night agreed to submit their "difficulties" regarding the requested resignation of their pastor, Mal. Thornton A. Mills, to a committee of arbitration.

The composition of the committee is as follows: Three to be selected by the minister, an asserted radical, who is said to have invited hoboism into the church; three to be selected by the council of fifteen (of which Victor Lawson is chairman), said to be the conservative group and considered by some of the "radical" innovations, and a third three to be appointed jointly by the six. In case of failure of agreement the choice of the last three will be left to Dr. George Davis, president of the Chicago Theological Seminary. The minister's resignation, according to last night's agreement, must be in the hands of the arbitration committee when it starts to function the first of next month. If the nine decide to accept the resignation, Dr. Mills told the members, he will abide by their decision. This means that he will leave the church next September.

Los Angeles is Moored After Test With Ship

(BY A. P. MORTIMER) LAKESHURST (N. J.) Jan. 15.—After a successful test at a mobile mooring mast, aboard the U.S.S. Patoka in Chesapeake Bay this afternoon, the dirigible Los Angeles returned to the Navy air station field here at 3:50 p.m.

Commander J. H. Kleins, Jr., in command of the airship, said that the trip had been a success, save for the freezing of the water-recovery system of the dirigible.

SILVER PURCHASE BILL URGED BY EX-SENATORS

(BY A. P. MORTIMER) WASHINGTON, Jan. 15.—A favorable report of the Senate bill which would direct the Treasury to purchase 14,539,730 fine ounces of domestic silver to replace bullion used for coinage was urged at a hearing today before the House Banking Committee by former Senators Thomas of Colorado and McCumber of North Dakota.

SHIPMENT OF FLOUR. (BY A. P. MORTIMER) TORONTO, Jan. 15.—Within the past four weeks the Soviet government of Russia has placed orders for a total of \$60,000 barrels of flour for immediate shipment to Russian ports. Of this amount 20,000 tons, or approximately 200,000 barrels, was placed in the United Kingdom, and the balance of 40,000 barrels was taken in North American markets. The placing of such a huge amount of business in a most significant development, especially in view of the fact that Russia was one of the important exporters of grain in prewar days.

SOVIET ORDERS LARGE SHIPMENT OF FLOUR

(BY A. P. MORTIMER) TORONTO, Jan. 15.—Within the past four weeks the Soviet government of Russia has placed orders for a total of \$60,000 barrels of flour for immediate shipment to Russian ports. Of this amount 20,000 tons, or approximately 200,00 barrels, was placed in the United Kingdom, and the balance of 40,000 barrels was taken in North American markets. The placing of such a huge amount of business in a most significant development, especially in view of the fact that Russia was one of the important exporters of grain in prewar days.

LAVERNA PARTY INVITED TO PARTY AT HIS HOME

(EXCLUSIVE DISPATCH) LAKESHURST (N. J.) Jan. 15.—Invited a number of friends to attend a party at his home, a rancher, and the sentence of death imposed on the two defendants. Hard, however, has escaped the noose through the intervention of Gov. Richardson.

The court, coming itself to the record of the case, upheld the lower court in both convictions. After the trial, however, Gov. Richardson upon his own investigation, found that Hard was under the legal age limit for hanging a criminal in this State and commuted his sentence to life imprisonment. No evidence of his age had been introduced into the record.

The men were accused of having murdered Skene, a rancher in an isolated portion of Sixtysix county known as Sam's Neck, after Skene had befriended them. They had come from Los Angeles, where Hard had his gun.

Erno is in San Quentin State prison awaiting execution. A new execution date will be set by the Sixtysix county court.

DEPOT SAFE ROBBED

(EXCLUSIVE DISPATCH) PHOENIX, Jan. 15.—The Southern Pacific depot at Tempe was broken open this morning by unknown individuals, who smashed the safe, realizing only \$25. A small pouch also was cut open.

BEARD CAUSES FATAL FIRE

(EXCLUSIVE DISPATCH) LONDON, Jan. 15.—Death from an unavoidable accident was the verdict of an inquest over the body of Joseph Arthur Aldred, 78 years of age, who, while carrying a candle to his bedroom, set fire to his exceptionally long beard and burned to death.

ANARCHIST KILLED

(BY CABLE AND ASSOCIATED PRESS) SOFIA (Bulgaria) Jan. 15.—One anarchist was killed and two were wounded in a street fight with police last night. The anarchists used bombs. None of the police was injured.

ACCUSATION OF DENTON IS TOLD

Scene Soon After Turner Was Killed Revealed

Buntin Asserts Companion Fired Fatal Shot

Clothes Show Bullet Was Fired from Side

(EXCLUSIVE DISPATCH) SANTA BARBARA, Jan. 15.—"Denton told me he was talking to him," was the statement made by L. C. Buntin, the first accountant of the slaying of George Turner, "King of the Bootleggers," by either of the defendants, according to testimony given by Herbert Thom this afternoon at the preliminary hearing of Buntin and Irving Denton on a charge of murder.

This assertion by Thom, who admitted on the stand that he was a partner of the defendants "in the liquor business," dealt a more effective blow to the defense than any other evidence in the hearing. The defense did not cross-examine him on the subject of his asserted conversation with Buntin.

Thom, whose voluntary information to Sheriff Ross and Police Lieutenant Sloan led to the arrest of Denton and Buntin, testified Buntin got him to drive Denton's car away from the scene of the slaying after Denton had "deserted him." To do so he said he had to drag the body of the dead man several yards. The way to Buntin's home, Buntin gave him his account of the killing. Thom said, "He testified that he saw Buntin and three bank books and a dozen letters from Turner's pockets and hid them in a culvert in Santa Barbara. Later the papers were turned over to the sheriff and among them was found the Zimmerman courtship note."

An effort to tear down the damaging testimony of Deputy Sheriff Longava, that the bullet which killed Turner was fired from the side and not from the front, was made by Defense Attorney W. J. Ford.

The asserted confession of both Denton and Buntin, as recited by Longava, was that the shot was fired from directly in front, while the clothing of Turner, which was introduced as evidence, showed that the bullet entered from the left side.

Longava's statement was repeated many times without variation, both under direct examination by the District Attorney and under cross-examination by Ford's pointed cross-examination.

The prosecution rested its case late this afternoon and the defense asked for a continuance until 9:30 o'clock tomorrow morning when two witnesses will be examined.

These witnesses, it is believed, are Harry Smith and R. M. Abbott, State traffic officers, who are said by Denton to have overheard Turner threaten to kill him.

PRECEDENT JOLTED BY MRS. ROSS

Wyoming Woman Governor Keeps Hat and Gloves on Addressing Legislature

(BY A. P. MORTIMER) CHEYENNE (Wyo.) Jan. 15.—Gov. Nellie Taylor Ross defied precedent today by wearing hat and gloves while she read her message to the Legislature.

Although the Governor's office is under the same roof as the Hall of Representatives and is only a few feet distant, Gov. Ross entered in street apparel of deep mourning, including a widow's veil.

Gov. Ross was escorted to the hall by a procession, which included Supreme and District Judges, State officers and a number of Senators and Representatives. She received loud applause when she entered and at the conclusion of her address.

Perfectly composed, she read for forty-four minutes in a clear voice, but stifled so low it was inaudible to the majority of those who packed the hall. After the address members of the Legislature and many others filed past the rostrum and congratulated Gov. Ross.

After receiving her message, the Senate and House passed a joint resolution eulogizing the late Gov. William B. Ross and adjourned until tomorrow in respect to his memory.

Sol Lesser and Theater Couple With Coolidge

(EXCLUSIVE DISPATCH) WASHINGTON, Jan. 15.—Sol Lesser, vice-president of the West Coast Theater Circuit, Mr. Harry Caruthers, general manager of the chain of more than 100 motion picture theaters on Coast, and Mrs. Caruthers were presented to President Coolidge today. They were impressed by the compliment the president paid to the motion pictures as a factor in education and information of the public.

One Dead, Five Imprisoned in Kentucky Mine

(BY A. P. MORTIMER) HENDERSON (Ky.) Jan. 15.—One man was killed and five were imprisoned and are believed to be dead as a result of an explosion late today in Diamond mine, near Providence, in Webster county, according to reports received here.

A "windy shot" is said to have caused the explosion. The mine is operated by Palmer Brothers and works a force of 125 men.

ANARCHIST KILLED

(BY CABLE AND ASSOCIATED PRESS) SOFIA (Bulgaria) Jan. 15.—One anarchist was killed and two were wounded in a street fight with police last night. The anarchists used bombs. None of the police was injured.

HIGH SCORE BY NAVAL GUNNERS

Long-Range Practice by Four Dreadnaughts

Score Bulls-Eyes on Mark at 25,000 Yards

Fleet Planes Direct Fire; Tests Successful

A new era in naval gunnery was declared by naval officers to have been achieved yesterday in virtually perfect scores made by America's four greatest superdreadnaughts, the California, West Virginia, Maryland and Colorado, at extreme long-range battle practice off San Clemente Island.

Firing at invisible targets at a range of 35,000 yards, guided by naval airplanes flying more than two miles above, the giants of the deep more than came through with flying colors, naval experts stated. The salvoes were fired in record time and with a maximum of hits. The enthusiastic expressions of officers of the fleet last night demonstrated that several new developments in gunnery have proved successful, it is said.

Three of the ships, the West Virginia, Colorado and Maryland, are equipped with main batteries of sixteen-inch guns. The California, flagship of the Battle Fleet, is identical in design, displacement and effectiveness to the other three, except she mounts twelve sixteen-inch guns. All four are electrically driven and are four of the only five ships in the United States Navy whose guns have a maximum elevation of 30 deg. The other ship, the U.S.S. Tennessee, is now absent at Hunter's Point, San Francisco Bay.

During the practice the California fired eighty-four shots in seven salvoes, the other three firing fifty shots each.

Greeters Dine; New Officers Are Installed

Installation of officers to serve during the coming year for Southern California Chapter No. 30, Greater of America, took place last night at a banquet at the Bull Pen Inn.

Officers inducted were: R. Reddig, president; Harry Bradley, first vice-president; H. T. Cronin, second vice-president; H. H. Beard, third vice-president; William Moore White, secretary-treasurer, and Harry H. Glum, sergeant-at-arms.

A talk by Charles B. Hamilton, chairman of the legislative committee of the Southern California Hotel Men's Association, on "Bad Checks and Short Checks Law" was a feature. Other national vice-presidents of the Greater of America were: George Swain, second national vice-president; State Senator Thomas T. Dodge, president of the Southern California Hotel Men's Association; R. W. Friedman, president of the Chamber of Commerce; O. A. Smith, traffic manager of the Pacific Electric Railway; F. E. Dawson, general passenger agent of the Southern Pacific; John K. Beall, manager of the Hayward Hotel; A. D. Smith, president of the Los Angeles Ad Club; James B. Dwyer, general passenger agent of the Santa Fe; J. D. Munster, editor of the Pasadena Record; Harold Horne, managing director of the Criterion; Charles Baad, manager of the Baltimore and Charles Pike, passenger agent of the Union Pacific.

Three Men Die at Sing Sing for Hold-up Slaying

(BY A. P. MORTIMER) OSHKOSH (N. Y.) Jan. 15.—Three men were electrocuted tonight in Sing Sing prison for the killing of Mrs. Mae Bigham during a hold-up in a Buffalo drug store, Jan. 12, 1929. The men were Harry Malcolm, Ambrose Gary and Edward Smith.

San Salvador Given Shaking by Temblors

(BY CABLE AND ASSOCIATED PRESS) SAN SALVADOR, Jan. 15.—Earth tremors which lasted three minutes and of considerable intensity for thirty seconds, were felt here today. The center of the disturbance was about 100 miles from San Salvador.

HAD POOR REFERENCES

A Michigan woman accused for a husband and among those who answered her ad was her first husband. But she turned him down because his references were unsatisfactory. No one knew that better than she.—(Capper's Weekly.)

"TIGER" CARRIES 1919 BULLET

(BY CABLE AND ASSOCIATED PRESS) PARIS, Jan. 15.—The bullet which the anarchist Emile Cottin fired at Premier Clemenceau in 1919 still remains imbedded in the deep chest of the "Tiger." An X-ray photograph in which a black spot marking the bullet is plainly visible near the lung has been shown by Clemenceau to Emile Bure, former chief of cabinet under Briand, now managing editor of L'Esclair.

EXPLOSION SHATTERS STREET-CAR WINDOWS

(BY CABLE AND ASSOCIATED PRESS) VENICE, Jan. 15.—Proud of its growth as a new community, Mar Vista, formerly known as Ocean Park Heights, began a civic celebration tonight that will continue daily until Sunday. Three months ago the residents organized a chamber of commerce, which now has 285 members. The officers are: Dr. Warren Miller, president; L. C. Busby, treasurer; J. K. Scannell, secretary, and Judge John L. Fleming of the Superior Court, advisory counsel.

Concessions and dancing added to the celebration. It was announced that the Pacific Electric Railway will make a new stop station at Mar Vista soon and that word has been received from Congress that a bill for the establishment of a new postoffice will be established at the intersection of Grand View and Venice boulevards and a petition is being circulated for the widening of Venice Boulevard through Mar Vista to 100 feet.

ASKS QUIZ ON RAID IN HOLLYWOOD

(BY A. P. MORTIMER) SACRAMENTO, Jan. 15.—This was Golden Gate bridge day in the California Legislature. The proposed new structure to tie together San Francisco and Marin county with a 4,000-foot span and having an extreme height of 660 feet was the only subject to receive discussion from the floor of either chamber. In the Senate a resolution was adopted thanking the War Department for its approval of the general plans of the bridge and recommending it to the favorable consideration of supervisors of the counties which will be formed into an improvement district to make possible the financing of it.

In the Assembly, J. B. Strauss, Chicago engineer, gave a technical description of the immense project, which he termed as the greatest bridge engineering plan ever conceived. The proposed suspension principles, is to swing from two towers to cables thirty inches in diameter. From the roadway of the bridge to the water the distance will be more than 180 feet, and from the bottom of the substructure to the top of the superstructure, 1810 feet. Strauss told the lawmakers, taking five years to build the structure, through tolls will pay for its cost in ten years, he declared. The main span is said to be more than twice as long as any single span now in existence. Both houses held only brief sessions.

Mar Vista, Proud of Growth, Begins Civic Festivities

(BY A. P. MORTIMER) SACRAMENTO, Jan. 15.—This was Golden Gate bridge day in the California Legislature. The proposed new structure to tie together San Francisco and Marin county with a 4,000-foot span and having an extreme height of 660 feet was the only subject to receive discussion from the floor of either chamber. In the Senate a resolution was adopted thanking the War Department for its approval of the general plans of the bridge and recommending it to the favorable consideration of supervisors of the counties which will be formed into an improvement district to make possible the financing of it.

In the Assembly, J. B. Strauss, Chicago engineer, gave a technical description of the immense project, which he termed as the greatest bridge engineering plan ever conceived. The proposed suspension principles, is to swing from two towers to cables thirty inches in diameter. From the roadway of the bridge to the water the distance will be more than 180 feet, and from the bottom of the substructure to the top of the superstructure, 1810 feet. Strauss told the lawmakers, taking five years to build the structure, through tolls will pay for its cost in ten years, he declared. The main span is said to be more than twice as long as any single span now in existence. Both houses held only brief sessions.

EXPLOSION SHATTERS STREET-CAR WINDOWS

(BY CABLE AND ASSOCIATED PRESS) VENICE, Jan. 15.—Proud of its growth as a new community, Mar Vista, formerly known as Ocean Park Heights, began a civic celebration tonight that will continue daily until Sunday. Three months ago the residents organized a chamber of commerce, which now has 285 members. The officers are: Dr. Warren Miller, president; L. C. Busby, treasurer; J. K. Scannell, secretary, and Judge John L. Fleming of the Superior Court, advisory counsel.

Concessions and dancing added to the celebration. It was announced that the Pacific Electric Railway will make a new stop station at Mar Vista soon and that word has been received from Congress that a bill for the establishment of a new postoffice will be established at the intersection of Grand View and Venice boulevards and a petition is being circulated for the widening of Venice Boulevard through Mar Vista to 100 feet.

The men went into the kitchen and looked around. Fraser talked with the Hollywood police station on the telephone. The officer on the phone wanted to know the names of the trio in the house. Fraser says one took the phone and gave a sergeant's name. Fraser being unable to remember it. The three officers then left the house. Fraser said he could not understand the presence of the officers in a view of the fact that he is not a drinking man nor has he been arrested.

BOY STRUCK BY SUCCUMBS TO

(BY A. P. MORTIMER) NEW YORK, Jan. 15.—A boy, 11 years old, was struck and killed by a trolley car in New York City today. The boy was named John J. Smith and he was from the Bronx. He was struck by a trolley car on the New York City Transit Authority tracks near the intersection of 142nd Street and the Broadway Subway. The boy was killed instantly. His father, John J. Smith, is a well-known actor and he is the son of a famous actress. The boy was a member of the New York City Transit Authority. The trolley car was driven by a man named John J. Smith. The trolley car was traveling from the Bronx to the city. The boy was walking across the street. The trolley car did not stop. The boy was killed. The trolley car was damaged. The driver was arrested. The driver is a man named John J. Smith. He is a well-known actor and he is the son of a famous actress. The driver was driving the trolley car. BRANCH BANK TOPIC BANNED

Subject Will Not Come to Legislature

Bankers' Committee Drops Vexatious Question

Gilmore Listed; New Bond Office Opened

Branch banking will not be agitated at the present session of the California State Legislature, so far as the California Bankers' Association is concerned. J. F. Sartori, president of the Security Trust and Savings Bank, and chairman of the committee on legislation of the association, stated yesterday.

Mr. Sartori has just returned from San Francisco following a three-day session of the committee and conference with the State Superintendent of Banks.

"The legislative committee of the State Banking Association is fully representative of all types of bankers," said Mr. Sartori yesterday.

"The independent banker, the branch banker, the country banker and the city banker are all represented in this officially appointed group, and after a careful consideration of all needed legislation it was agreed that no measures affecting branch banking would be sponsored by the committee."

"There will be some legislation of minor importance asked and this was fully discussed with the State Superintendent of Banks, and agreed upon. The State Superintendent will prepare measures covering this and have it introduced into the Legislature."

"There was full attendance of the membership of the committee, according to Mr. Sartori, who has been its chairman for many years. Aside from the chairman, the members of the committee are E. L. Rickford, First National Bank, Napa; A. H. Chaffey, California Bank, Los Angeles; G. A. Davidson, Southern Trust and Commerce Bank, San Diego; W. E. Hervey, Pacific-Southwest Trust and Savings Bank, Los Angeles; Russell Levey, The American Bank, San Francisco; J. S. Macdonnell, First National Bank, Pasadena; R. D. McCook, American National Bank, San Bernardino; Howard Whipple, First National Bank, Turlock; W. R. Williams, Bank of Italy, Los Angeles; and R. E. Yates, United Bank and Trust Company, San Francisco.

Improvements Planned

Chicago is to have a new and improved public market district representing an investment of \$17,000,000, according to an announcement yesterday from Chicago.

W. Straus & Co. have arranged to undertake a 6 per cent first mortgage bond issue of \$5,000,000, secured by the land and buildings. The maturities run from two to seventeen and one-half years.

The bonds are the direct obligation of the Chicago Title and Trust Company, trustee for the beneficial interest of E. K. Goodman and Hugh McLennan, principal sponsors for the project.

The project is to be removed from its historic location on South Water street to the new site, especially planned for it between Morgan street and Racine avenue on West Fourteenth place and West Fifteenth street. The market will be housed in 164 buildings, in six different units.

Gilmore Listed

Yesterday morning's session marked the initial call on the Los Angeles Stock Exchange of Gilmore Oil Company capital stock, which recently was accepted for listing. The demand was brisk, 175 shares changing hands.

The company is one of the best known of local oil units, and its business has been established for over twenty years. At the present time the company ranks as one of the leading oil producers, refiners, exporters and distributors of crude oil and refined oil products. Gasoline and lubricants are sold throughout 165 distributing stations throughout California.

The company has an authorized capital of \$5,000,000, of which approximately \$3,750,000 is outstanding. A bond issue of \$1,250,000 has been authorized by the stockholders, and the proceeds will be used for plant extension and other corporate purposes made necessary by the growth of the business.

The company's directors include the following Los Angeles business men: E. K. Gilmore, Clarence Beesmyer, Stuart M. Salisbury, Dwight Whiting and Charles S. Stone.

Branch Office Opened

Dean, Witter & Co., investment bankers of San Francisco, Oakland and Seattle, have established a new office in Los Angeles, which opens for business today. The firm is composed of Dean Witter, Jess Witter and Guy Witter, the last named of whom is in charge of the Los Angeles office as resident partner. All members of the firm were formerly associated with Blythe, Witter & Co.

Dean Witter, head of the organization, is well known in investment circles, having served two terms on the board of governors and one as vice-president of the Investment Bankers' Association of America.

Bank Promotions

At the annual meeting of the First National Bank of Inwood, recently held, A. H. Robbins was promoted from the cashier to a vice-presidency, in charge of public relations. He is succeeded as cashier by Roy L. Hill, former assistant cashier.

The First National Bank, with its affiliated institutions, the Inwood Savings Bank and the Inwood State Bank, has combined resources of \$1,548,713.45. Deposits of the First National at the close of the year totaled \$1,314,664.51.

Officers and directors are W. G. Brown, president; Adolph Leuzinger, vice-president; Harry Lee Martin, vice-president; A. H. Robbins, vice-president; Roy L.

CORNER IN WHEAT DENIED

Grain Expert Points to World Shortage as Sole Reason for Price Level; Europe Active

BY EARLE E. CROWE

Many grain speculators will testify that the number of men intimately acquainted with the wrinkles of grain trading are mighty few. This concession will not come from the tyro in the market, however, the seasoned trader, who has lived a life time in a few seconds of dizzy antics in the price level of options, will freely make such an admission.

Compared to the fluctuations in security prices, the grains sometimes make the stock market operations look like a slow motion picture.

One man among the few, however, is generally accorded wholesome respect wherever grain traders gather. His daily dispatches, signed "O'Brien," have been carried over the brokerage wires for many years and have a wide following. The writer, Thomas D. O'Brien, of Clement, Curtis & Co., members of the Chicago Board of Trade, is now in Los Angeles on a winter visit.

WORLD CROP SHORTAGE

His first comment on the grain market is a quiet detail of the rumors gaining currency of a corner in wheat. Wheat, in his opinion, is fully worth existing prices and possibly will go much higher, solely on the basis of the statistical situation. The world crop is 408,000,000 bushels short of normal requirements and the European buyers are now scrambling for the rapidly dwindling surplus of American wheat above domestic requirements.

The absence of Russia from the export market, the shortage of 200,000,000 bushels in the Canadian crop, and the paucity of harvest returns in France, Germany, Austria and Rumania are the points advanced by Mr. O'Brien for the present level of prices. He scoffs at the suggestion of a corner because manipulation, in his opinion, can do no more for this market than the gradual operation of the factors of supply and demand.

The spectacular buying of Arthur P. Cutten of Chicago has been responsible for several of the stories of a corner in wheat. Cutten, who is well known to O'Brien, probably the biggest figure in the grain market, and his operations have been largely responsible for the general realization of the true economic status of the world's grain situation.

A farmer, owning an 800-acre farm not far from Chicago. According to Mr. O'Brien, he is a keen student of economic affairs and a careful analyst of information bearing on grains.

Only one attempt to corner the wheat market has been successful. Mr. O'Brien says, out of five or six attempts, the last one, made by the Old Hutchins in 1918, forced prices to the \$2 neighborhood. The latter wheat campaign in 1917 and 1918 was a horrible early and late crop, and the Phillips corn deal, as well as

III, cashier, Roland Bush, C. T. Hart and Paul Thomas, assistant cashiers.

Officers Re-elected

Adolph Leuzinger of El Segundo, vice-president of the First National Bank of Inwood and the Los Angeles State Bank, and Col. Thomas H. Jennings, architectural and structural engineer, were re-elected directors of the First National Bank of Inwood.

Mr. Leuzinger is president of the \$500,000 holding company for providing industrial sites and financing factories, at the annual meeting recently held. Officers and directors re-elected were Eugene E. Brown, vice-president; W. W. Hodgkins, secretary; George Kren, treasurer; Van Derlip, Adolph Leuzinger and Col. Thomas H. Jennings, directors.

YOUR INCOME TAX

(This is the amount of a series of income tax tables, showing the amount of tax payable on various amounts of income, and the amount of refund on various amounts of overpayment.)

NO. 2

There is no change in the exemption for single persons, which is \$1000. Married persons living together and heads of families are allowed by the Revenue Act of 1924 an exemption of \$2500.

Under the preceding act the exemption for married persons and heads of families was \$2500 if the aggregate net income was \$5000 or less and \$2000 if the net income exceeded \$5000.

A husband and wife living together have but one personal exemption. If they make separate returns such exemption may be taken by either or divided between them.

The exemption of \$2500 is allowed married couples only if they live together. In the absence of continuous actual residence together, the exemption depends upon the character of the separation.

The new regulations provide that if occasionally and temporarily a wife is away on a visit or a husband is away on business, the joint home being maintained, the full exemption is allowable. The unavoidable absence of a husband or wife at a sanatorium on account of illness does not preclude claiming the exemption. But if continuously and voluntarily the husband makes his residence at one place and the wife at another, they are not living together within the eyes of the law.

Each married man is a return if his or her income was \$1000 or more, and each is allowed only the \$1000 exemption granted a single person.

No change is made in the provision allowing the taxpayer, in addition to a personal exemption, a credit of \$400 for each person depending upon him or her and receiving child support, if such person is under 18 years of age or incapable of self-support because of physical or mental defect.

The term "mentally or physically defective" includes not only cripples and idiots, but also persons in ill health and the aged.

The \$400 credit does not apply to the wife or husband of a taxpayer, though one may be totally dependent upon the other.

CALIFORNIA DRIED FRUITS

(BY A. F. NIGHT WIRE)

NEW YORK, Jan. 15.—Exported dried fruits prices: apricots, 12c; raisins, 12c; prunes, 12c; figs, 12c; dates, 12c; almonds, 12c; walnuts, 12c; pineapples, 12c; mangoes, 12c; guavas, 12c; limes, 12c; lemons, 12c; BOND QUOTATIONS

Mexican Issues Rise

(BY A. P. HIGHT WIRE)

NEW YORK, Jan. 15.—Bond

prices held steady in today's fair-

ly active market, which was fea-

tured by several independent points

of strength and weakness. Some

hesitancy developed toward the

close on fear that the New York

Federal Reserve Bank might in-

crease its rediscount rate, but the

change was made by the directors

at their meeting later in the day.

Prospects that the resumption of

interest payments on Mexico's debt

will be discussed at conferences

between international bankers and

Secretary of the Treasury Panel on

his forthcoming visit to New York

contributed to a rally in Mexican

bonds. Moderate gains were scored

by most of the assumed government

issues.

Conflicting price movements

marked trading in the railroad

group. Chesapeake and Ohio con-

vertible is moved up on indications

that an attempt would be made to

obtain more favorable terms for

the road's security holders under

the proposed "Nickel Plate" em-er-

gency adjustment in the inter-

proved, uncertainty regarding in-

terest payments on the new Den-

ver and Rio Grande Western bonds

caused further breaks of 1-4 to

3-4 points in the odd's issues.

St. Paul obligations also worked

lower as directors authorized an

examination of the road's financial

position preparatory to drafting

plans for meeting 1925 maturities

of \$48,000,000. Liberty bonds were

firmly held.

Following are yesterday's high, low and closing

prices of bonds on the New York Stock

CULTISTS TURN STATE EVIDENCE

Spiritualist Association's Methods Told

Financial Secrecy of Head, Wife Assailed

Ordination By-Law Ignored, Woman Asserts

(Continued from First Page)

tracted the attention of numerous visiting jurists and legal authorities in Los Angeles, as well as local talent.

President Jackson and his wife, Mrs. Jackson, secretary, had ignored the directorate in their handling of the affairs of the society.

RULING IGNORED

He stated that despite a ruling in the by-laws of the organization that unanimous vote of the directors present at the monthly meetings must be obtained before applicants might be ordained, he had never voted in the affirmative at any time.

He averred that during his period as an officer that no investigation of the claims of various applicants, as provided in the by-laws, had ever occurred. He charged that during that same time no committee to investigate the capability of any applicant, likewise provided in the rules of the association, had ever been appointed by the directors.

And as a crowning blow, Maxwell pointed to the possession of E. W. Barham, psychic of Long Beach, of an ordination certificate as a minister of the gospel despite the fact that the records of the association show that the board of directors denied his application upon presentation.

FINANCIAL SECRECY

He testified to many attempts on the part of the board to procure a statement of the finances of the organization of the Jacksons; and that such attempts had uniformly failed. He told of meetings be-

Complaint Against Police Captain is Returned With Duncan Indictment

An independent investigation of the actions of Police Captain L. L. McClary in connection with an automobile accident November 14, in which Mrs. Winona Spencer Spear was killed, will be made by Chief of Police Heath, he announced last night. The announcement followed a conference held with a deputy district attorney, the returning of an indictment by the grand jury against L. A. Duncan on a manslaughter charge, and the announcement of Duncan's attorney he will surrender his client at 1:30 a.m. today in Judge Avery's court.

The indictment was voted Tuesday, at which time the grand jury sent a letter to Chief Heath criticizing Capt. McClary, who is commander of the Hollywood division. In the indictment, it is charged, Duncan's car got on the wrong side of Ventura Boulevard and smashed at high speed into a truck driven by John Southout of Sherman.

Capt. McClary decided Duncan was not to blame and refused to place him under arrest. Also, according to the grand jury, he failed to notify the police homicide bureau or the district attorney, with the result that the district attorney's office was not represented at the inquest November 23.

Bail on the indictment was fixed at \$1000. When the warrant was delivered to Deputy Sheriff Collins and King, Attorney Richard Kittrell notified them he would bring in Duncan and produce bail today.

Edwards Chosen District Officer by Contractors

Godfrey Edwards, member of the general contracting firm of Edwards, Wilby & Dixon, has been elected district vice-president of the Associated General Contractors of America, according to the floor. Detectives received here yesterday from Washington a notice where the national association has just closed a three-day convention.

Mr. Edwards will succeed A. S. Downey of Seattle, who was a candidate for re-election to this post. Mr. Edwards is president of the Los Angeles Builders' Exchange and a director of the Southern California Chapter of the Associated Contractors.

Among those who attended the convention from Los Angeles besides Mr. Edwards were William A. Simpson, E. Earl Olson, Arthur Bent, J. C. Edwards and Claude Fisher.

BOY KILLED BY AUTO

Driver Held for Investigation in Fatality Accident

Frank Bailey, 7 years of age, of 2005 Second avenue, died in receiving hospital yesterday afternoon after he had been struck by an automobile which crushed his chest.

The boy, according to police of Wilshire Station, was crossing on a scooter at Fifth avenue and Washington street and was knocked down by a car driven by James B. Webster, 114 West Gilbert street, Glendale.

Webster told the police he did not see the boy until he struck him and declared he was going slowly. He was held for investigation.

LIFE UNKIND; ATTEMPT TO DIE FAILURE

Screen Actress is Found Unconscious Beside Death Note and Poison

Peggy Booth, film actress, was being brought back slowly in Hollywood Hospital last night to a world she wrote she "had found very unkind."

She is the wife of Ralph Cotton Allen, and lives with him and her sister, June Miller, in a flat at 1212 Cahuenga avenue. Miss Miller found her unconscious yesterday morning, with three empty bottles marked poison near her bedside, and a note which began: "O, dear God, please forgive me for this, my last and greatest sin."

She was taken to Hollywood Hospital in a private ambulance after treatment by Dr. Frank Brown, and is expected to recover.

"Please take care of my darling boy," the note ran on. "I leave him and my dear mother. It is my last wish that my three dear friends who are now in a position to help, will come forward if mamma needs any assistance."

She named Dorothy Devore, Barbara LaMarr and Herbert Rawlinson. Miss Devore and Rawlinson said they had known her but had lost track of her during the last year. The body was taken to the morgue, now with his father, her first husband, in San Francisco.

WOMAN IN SAME FLAT IS FOUND DEAD

Mrs. Katherine Buntine, 45 years of age, formerly of Toledo, O., was found dead early yesterday morning in the bathroom of an apartment at 1212 Cahuenga avenue, where Peggy Booth, film actress, attempted to commit suicide yesterday by her own hand. Virginia Buntine and a roomer, A. C. Wedemeyer, who was called when Miss Buntine heard her mother fall to the floor. Detectives attributed Mrs. Buntine's death to heart disease.

A glass partly full of spirits of ammonia was found in the bathroom and Miss Buntine stated that her mother had started to take some of the medicine when she fell. The body was taken to the Leroy Bagley undertaking parlor on Hollywood Boulevard.

WARRANT FOR SUSPECT HERE ISSUED BY DAVIS

A requisition warrant, said to have been the last official act of Gov. Davis of Kansas before he was arrested on a conspiracy charge, was presented to the police here yesterday by Sheriff O. C. Mann of Oswego, Kan. The warrant called for the surrender of R. F. For 16 years of age, wanted in Oswego as a pickpocket. Asst. Capt. O'Brien of the pickpocket detail arrested For several days ago. Sheriff Mann started back with the prisoner.

MERCHANT GOES EAST ON BUSINESS MISSION

Myer Siegel of Myer Siegel & Co., left Wednesday on the Santa Fe Limited, on an eastern trip in interest of the firm. Mr. Siegel, who is a director of the newly formed Bank of America and the Commercial National Bank of Los Angeles, will stop over in Chicago for a few days to look after some banking business.

Beverly Hills Plans Annual Horse Show

Beverly Hills proposes to conduct an annual open-air horse show together with an elaborate equestrian pageant, according to plans which are being arranged by a group of prominent horsemen.

The decision has been reached following the successful initial equestrian show last Saturday, in connection with the formal dedication of the Beverly Hills bridge path, staged by the Bridge Path Association.

A meeting of the Beverly Hills horse show and pageant organization will be held today at the Jonathan Club at which a definite program will be outlined and steps taken to acquire a permanent open-air arena. Two available sites in Beverly Hills are now under consideration. The meetings have been called by Irving H. Hollman, president of the Bridge Path Association. Other members of the committee include R. W. C. Shull, president of the Beverly Hills Chamber of Commerce, and Eugene Consigny, Beverly Hills banker, and Guy G. Woodin, capitalist and exhibitor.

DOW ASSOCIATION TO EXHIBIT ON MONDAY

The Arthur Wesley Dow Association will conduct an exhibition of paintings, crafts, designs and decorative panels from the 19th to 21st inst., at the Southwest Museum. This association is composed of graduates of the art department of the University of California, Southern Branch, and has sympathy with the aims and ideals of the group based on Arthur Wesley Dow's teaching. The true purpose of art teaching is the education of the whole people for appreciation. The exhibition had been previously announced to open on the 1st inst. The exhibit may be seen every afternoon from 1 to 5 o'clock.

WORKER IS BURIED IN SAND SLIDE; MAY DIE

By a "Times" Staff Correspondent

LONG BEACH, Jan. 15.—Fred Hall, a laborer, is in a critical condition at St. Mary's Hospital here as the result of an avalanche of gravel and sand engulfing him while he was at work in a gravel pit on Signal Hill today. Hall was buried up to his eyes in the landslide, and fellow-workers strove for twenty-five minutes to release him.

Physicians at the hospital declare that Hall's back is probably broken and that there is small chance for his recovery. The injured man is 35 years of age, and lives at 1612 Teanema avenue. He is an employee of the Delaney Producing and Refining Company.

BRIDGE BIDS SOUGHT

Bids have been advertised for and will be opened on February 3 for the construction of a 130-foot bridge across San Geronimo Wash, two miles east of Banning on the road to Imperial Valley, Asst. Division Engineer Mors of the State Highway Commission announced yesterday. Specifications for the work call for the bridge to be built of reinforced concrete and include the grading and paving of the 36-foot approaches to the structure. Engineer Mors estimated that the work will approximate \$50,000.

ATTENDANCE AT MUSEUM SHOWS GAIN

Southwest Exhibits Seen by 93,000 in Year; Many Collections Donated

Children and adults numbering more than 93,000 visited the Southwest Museum last year, an approximate gain of \$100 over the preceding year, Dr. Milbank Johnson, president of the institution, declared in his report at the annual luncheon and meeting of the board of trustees yesterday.

Among the educational features presented to the public by the museum during the year were: The third annual butterfly show, the second annual sales of pictorial photography, the 1924-25 annual junior art exhibit, the American Bookplate Society's exhibition of ex libris and the exhibition of paintings of the West Coast Artists.

Fifty programs were given for boys and girls, and through the cooperation of representatives of the University of California, Southern Branch, the University of Southern California, Occidental College, other educational institutions and individual citizens, the museum has been enabled to schedule forty extension lectures.

Dr. John A. Comstock, director of the museum, reported that forty-four donors have added materially to the collections of the museum.

Mrs. C. E. Wisnall donated eighty-four objects of prehistoric material excavated in the vicinity of the Casa Grande ruins of Arizona and Chihuahua.

Dr. Johnson was re-elected by the board for the year 1925. Joseph Scott, Seelye W. Mudd and A. C. Balch were elected first, second and third vice-presidents and Charles Lansing Haskell again was elected secretary-treasurer.

Other members of the board are: John B. Miller, Homer Laughlin, Jr., Arthur W. Fleming, Mr. and Mrs. Ray Johnson, J. Cantwell, P. William Kellogg, Mr. Scott, Louis M. Cole, James A. Nelson, Maurice H. Berman, William R. Staats, Dr. J. A. Munk, Eli P. Clark, Donald R. Dickey, Mrs. Hanson, Mrs. Samuel Storow, Mrs. Lee A. Phillips, Thomas G. Patten, F. W. Keeler, E. D. Lyman, Mrs. Susan M. Dorey, Prof. J. F. Wae, Dr. Robert A. Millikan, Dr. Rufus Von Klein-Smidt and Dr. Johnson constitute the board of trustees of the museum.

CONVENTION OF DYERS TO END TODAY

Election of Officers and Addresses Scheduled for Closing Sessions

After their outing to Catalina on Wednesday, the delegates to the convention of the National Association of Dyers and Cleaners yesterday resumed their business sessions.

The program included inspection of the trade exhibits during the forenoon and another session of the wet and dry cleaning school in the afternoon. The entire school session was devoted to "spotting" demonstrations. The delegates to the convention will be devoted to a series of addresses and will conclude with a business meeting at which time officers for the ensuing year will be elected. The principal address will be delivered by Earl Bear of St. Louis, president of the Standard Unit Navigation Company of that city, who will speak on "Dyeing and Cleaning a Civic Necessity."

Mr. Tull stated that it was proposed the selection of a new name for the association in the dyeing and cleaning business more appropriate than that of dyers and cleaners would come up for discussion.

Judge Bennett's Body Forwarded to Placerville

The body of Judge Marcus Percival Bennett, Placerville jurist, who died here yesterday, was sent to the northern city last night for services and interment.

Judge Bennett died at the home of his daughter, Mrs. R. C. Risser, 335 North Harvard Boulevard, after a short illness. He was 70 years of age and had served as judge for the last twenty years, having come to California from Michigan fifty years ago. He was well known in legal circles in the northern part of the state.

Besides Mrs. Risser he leaves a widow, Mrs. Mary C. Bennett and four other daughters, Mrs. F. W. King of San Francisco, Mrs. Max Baer of Placerville, Mrs. H. A. Loomis of San Jose and Mrs. E. W. Kelly of Washington, D. C.

LAND LAW TEST BEGUN

Writ Asked to Force Official to Accept Permit Plea

Following the refusal of Commissioner of Corporations Daugherty to accept for filing an application of the Dominguez Land Corporation for permission to distribute \$415,000 surplus capital, the company yesterday filed a petition with the State Supreme Court for a writ of mandamus to require the commissioner to accept the application. The action is being brought by the company for the validity of the law which gives the Corporation Commissioner authority to permit distribution of capital assets. Similar court action was taken by the company last year in the Second District Court of Appeal, where a writ was granted directing the commissioner to accept the company's application. Commissioner Daugherty's refusal to accept the application is based on an opinion of the Attorney-General that the law is unconstitutional.

Mrs. Babcock now gets more cups per pound

I've come to the conclusion that cheap coffee is wasteful. Now from a pound of Ben-Hur I get 40 cups of the most deliciously good coffee any one ever drank. Then too, Ben-Hur comes in a new style key-opening can which keeps it fresh until used.

BEN-HUR COFFEE

Roasted and Packed in Los Angeles by Joannes Brothers Company

After their outing to Catalina on Wednesday, the delegates to the convention of the National Association of Dyers and Cleaners yesterday resumed their business sessions.

The program included inspection of the trade exhibits during the forenoon and another session of the wet and dry cleaning school in the afternoon. The entire school session was devoted to "spotting" demonstrations. In stripes or monotonous. The same style and quality as those little jumper dresses that have been selling rapidly at a higher price. Values, indeed, at \$4.95.

And Girls' Coats a Value Climax

in Polaire or Tweeds at \$9.75!

—Junior Girls' Section, Bullock's Fifth Floor.

Two lovely fabrics of a quality that sells regularly at a higher price, in Bullock's Silk Section.

40 inch Crepe de Chine may be had in more than 15 colors, the popular pastel shades predominating, for underwear and lovely spring frocks.

Charmeuse is 38 inches wide in navy and brown shades only.

The yardage is limited to 3000 yards at \$1.65 a yard.

—Silk Section, Bullock's Second Floor.

Cotton Dress Patterns, New, \$4.45!

Attractively printed Cotton Dress Patterns in an early Spring introduction.

Patterns are distinctive—printed on fine quality Popular Cloth in correct colorings for Spring—Orchid, Jade, Gray, Bamboo, Rosewood and Copenhagen.

Designs are printed in contrasting colors that artistically harmonize with the color of the cloth.

The designs are effective—these dress patterns require no other trimming for ornamentation. And but a short time is needed to transform them into appropriate frocks for house or street wear. A limited number are specially priced at \$4.45 each.

—Trimming Section, Bullock's Second Floor.

Striped Flannel Robes, \$10

Tailored lounging robes in the clever mannish striped style so much in vogue—sponsored by Bullock's as a January value at this very low price.

Robes that seem to fit into every woman's wardrobe—so desirable to take on ocean voyage, across country trip or to wear when lounging at home.

In small, medium and large sizes. Think of it—at \$10.00!

—Section of Leisure Robes, Bullock's Fourth Floor.

Perfume Burners, Reduced, \$5!

A clever assortment of electrical perfume burners has been fractionally priced for Friday.

Perfume Burners of Art Glass, Pottery and China—artistically decorated in smart colors. Several styles.

The quantity is limited to 30 at the reduced price, \$5.00!

—Gift Bazaar, Bullock's Street Floor, Hill Street Building.

Learn to Sew, Fee Nominal

—At Bullock's—Individual Instruction in Dressmaking under the direction of Miss Kelleher. Six individually instructed lessons at the student's convenience, at a nominal fee.

—Butterick Pattern Section, Bullock's Second Floor.

A New Showing of Hats by ELÈNE \$15

Bullock's Millinery Fashion Section presents a smart new collection of spring hats recently sent from the East by Elene, to Bullock's exclusively in Los Angeles at the specialized price—\$15.00.

This season color seems more in evidence than ever. But while the color is bright, it is more subtle than in past seasons in softer, rather grayed tones. The snug little hat with the creased crown seeks diversity in its trimming. Notice the different note achieved by novel placing of feathers in the hat sketched above.

In this group of Elene Hats, there are hats of silks, felts combined with straw, braids and fine straws—all with that distinctiveness that typifies Hats by Elene.

—Millinery Fashion Section, Bullock's Third Floor.

More Crepe de Chine Chemise Priced \$2.95

January half over and "The Underwear" still in full swing with reinforcements coming in every day from the East to take the place of the underwear that has been sold. And in the latest shipment, more of those dainty Crepe de Chine Chemise at \$2.95. Surely lovely at this price, for the quality is so good and the styles include the French type with fullness over the hips as well as the slim, straight style. Trimmed with Val or Irish lace, fancy stitching or strictly tailored, Chemise in all the popular underwear tints—at \$2.95.

Crepe de Chine Step-ins, Values at \$2.95

Another "January at Bullock's" value.

Heavy Crepe de Chine Slips at \$5.95

In flesh and white, an extra heavy quality.

Lovely Gowns of Crepe de Chine, \$5.95

With the new neckline and tuck-trimming as well as lace.

—The Underwear, Bullock's Fourth Floor.

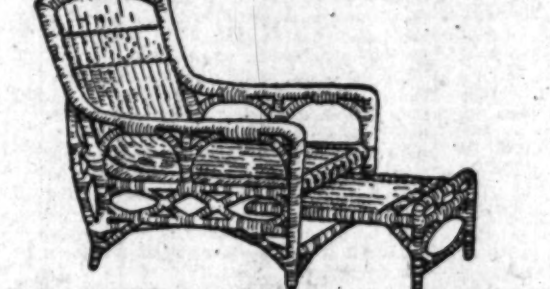

Chintz Body Brussels Reduced! 9x12, \$45

Heavy, durable quality of Body Brussels in the soft shades of French gray with blue or green motifs. Particularly suitable for bedrooms where dainty color schemes are especially appropriate. Some Oriental patterns included at these reduced prices.

9 by 12 now \$45 6 by 9 now \$25

8.3 by 10.6 now \$45 4.6 by 7.6 now \$15

—Domestic Rug Section, Bullock's Sixth Floor.

Sea Grass Chairs Take Reductions, \$11.75 ea.

Hong Kong Sea Grass chairs of Bullock standard construction are to go at much reduced prices. These chairs are made on solid Singapore Malacca cane frames—not bamboo—which gives them durability. The best sea grass is selected for the weaving. This in turn is interwoven with reed. Practically breakage-proof.

Sketched above is the sea grass extension chair now priced at \$11.75. Comfortable for porches and informal living rooms. A value that should not be overlooked.

In addition, 50 rockers or chairs have been reduced to sell at \$8.75 each. Expressive of January values at Bullock's.

Cretone Covered Chair Pads at \$1.95 each

—Reed Furniture, Bullock's Seventh Floor.

January at Bullock's and Furniture Values

"January at Bullock's" includes the Section of "Good" Furniture on Bullock's Seventh Floor. The economies that dominate this month at Bullock's are prominent in values of especial interest to home furnishers.

Friday Morning Times readers should be eager to see the following values scheduled for Friday and Saturday selling on Bullock's Seventh Floor. Bullock's Furniture Values are based upon the ideal of giving "Good" Furniture for prices below that which you would expect to pay for such high standard of merchandise. And Bullock's January Furniture values again stress this ideal with stronger emphasis on good values than usual.

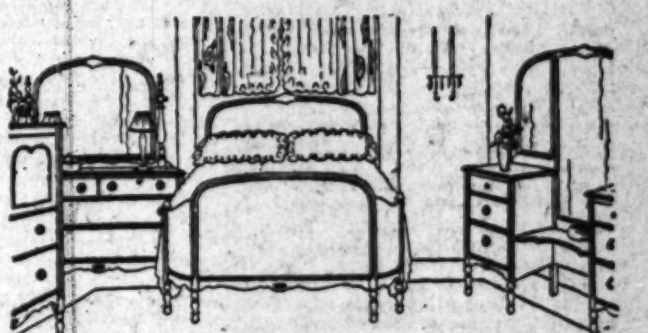

Dining Room Suite to go at \$67—the set-a-value!

Constructed of mahogany and gum. The suite consists of one table, five side chairs and one arm chair. The chair seats are effective with their tapestry coverings. Cabinet work of excellence and antique finishing.

A "Good" Furniture suite from Bullock's that provides for pleasure in dining room service—at a price that is consistent with "January at Bullock's" standard for values.

Davenport Table to Go at Special Price, \$29.50

Constructed of mahogany and gum, a combination that has proved of great popularity. Finished in antique mahogany stain. A good purchase for \$29.50.

Four Piece Bedroom suite at a special price—\$225—set

A bedroom suite constructed of mahogany and gum. Cabinet work that provides for dust proof feature and carefully dovetailed drawers. \$225 for the four pieces brings attention to the economical merit of "January at Bullock's."

The pieces priced separately are values:

Boy's Foot Bed, \$40.00
Dresser, \$55.00

Chiffonette, \$45.00
Vanity, \$85.00

Living-Room Suite of 2 Pieces, Special \$185

A comfortable low back chair and a davenport—both covered with mohair, moss and hair filled. Web bottoms and spring cushions are important features.

Upholstered Wing Chairs Now Special at \$67.50

Three designs of backs! Spring cushion is covered with tapestry or velour.

Breakfast Set, Gateleg Table and 4 Chairs, \$39.50

Gateleg Table and 4 Chairs. Table has mahogany top and hardwood legs and small drawer. Chairs are birch finished mahogany. Exceptional at \$39.50.

Section of "Good" Furniture—Bullock's Seventh Floor.

DEDUCTIBLE TAX RULING CLARIFIED

Income Payments Are Not Included in Exemptions; Record Must Be Kept

Preparation of income tax returns is complicated to a large extent by provisions of the Revenue Act relative to the taxes on which deductions may be allowed. The Federal income tax may not be deducted, Collector Goodell explained yesterday. Other Federal taxes, however, are deductible, such as the special taxes paid by oleomargarine dealers, proprietors of theaters, pool rooms, bowling alleys, customhouse brokers and stockbrokers. Automobile license fees are regarded as taxes and may be deducted. Admission taxes are deductible, but the taxpayer must show that account has been kept of the amount paid during the year.

Customs duties, paid by a person on articles which he imports for his own use are deductible, the collector explained. Sales taxes paid by manufacturers of automobiles, candy, pleasure boats, works of art, carpets, trunks, jewelry, etc., may not be deducted by such manufacturers unless they are included in gross income for the year. A purchaser of such articles may not deduct the taxes on which deductions may be allowed. The Federal income tax may not be deducted, Collector Goodell explained yesterday. Other Federal taxes, however, are deductible, such as the special taxes paid by oleomargarine dealers, proprietors of theaters, pool rooms, bowling alleys, customhouse brokers and stockbrokers. Automobile license fees are regarded as taxes and may be deducted. Admission taxes are deductible, but the taxpayer must show that account has been kept of the amount paid during the year.

PROGRAM AT MUSEUM

Junior Club to Hear of Arts and Crafts of Armenians

The Junior Club of the Southwest Museum will hear Mrs. Harila, a representative of Near East Relief, tell of the arts and crafts of the people of Armenia, illustrating her talk with examples of their work, tomorrow morning, 10:30 o'clock. "Ancient Grandparents and Modern Grandchildren of Mesopotamia," illustrated with lantern slides, and "Stories and Legends of Stars and Ancient Greece" will be given under the direction of the extension department and will be followed by a musical program given through the courtesy of Mr. and Mrs. McCoy. "Having a Circus," a motion picture, will also be shown.

Miss Irene Myers, dean of women of Occidental College, will speak at the museum Sunday afternoon at 3 o'clock, on "Old Ideas, New Outlook."

Gardner Single Control Radio Set

No agents. Demonstration nightly at 223 North Andrews Place. Daily at 10:30. Phone MA 5327.

Is Your Baby Showing a Steady Gain?

If not try pure milk from Holstein Cows. If you cannot nurse your baby, see that it has an equal chance for health and strength that enjoyed by the breast-fed baby.

This is very easy. Certified Milk from Holstein Cows is more nearly like human milk in structure, in quality and percentage of fat, and in nature of curd formed.

Holstein Milk Unlike other cows this breed produces a milk that forms small even globules which contain tender, flaky and digestible curds, easily taken care of by the digestive juices.

Vitality In heavy rich milks the curds are coarse, heavy and stringy and produce a serious obstacle to the delicate stomach of baby.

The use of these heavier fatter milks usually causes indigestion.

For this reason all but the Holsteins is being discarded from our herd for babies' welfare and protection.

For 15 years our efforts have been devoted exclusively to the production of a positively pure milk; this naturally led us into an exhaustive study and investigation of every factor and condition which had any influence upon the production of this special milk. That our efforts have not been in vain is evidenced by the fact that Arden Certified enjoys the enviable position as the leading milk for babies and invalids.

The leading and most celebrated physicians and dietitians throughout the world recommend the use of Certified Holstein Milk, not only for infant feeding, but for growing children, invalids, convalescents and the whole family.

We possess the evidence of eminent specialists from all over the country corroborating our views in this matter.

"CERTIFIED HOLSTEIN MILK MOST PERFECT OF ALL MILKS"
Dr. Thomas M. Rice, M.D., Professor of Pediatrics at Harvard University, and world's recognized authority on infant feeding, says: "From the medical point of view the Holstein milk is exactly what we need for infant feeding. The Holstein cow represents the most perfect milk-making animal known, having every characteristic suitable for baby's milk supply."

Five hundred healthy Holsteins produce this superior milk at Arden Dairy. It is wholesome and has a uniform flavor to the last drop.

Give your baby a chance to gain by giving it Certified Milk from Holstein Cows and see how quickly the roses will come to its cheeks and how rapidly it will gain in health and strength.

Costs 15 cents per quart; a little more than the common kind as all superior articles do.

SOCIETY

BY JUANA NEAL LEVY

The Church of the Messiah in West Washington street was the scene last evening of one of the loveliest weddings of the season. When at 8 o'clock Miss Hildegarde Silvers, attractive young daughter of Dr. and Mrs. Charles G. Silvers, eloped her troth to Robinson Carr Locke, son of Mrs. Edmund Locke of Beverly Hills. Dr. Silvers gave his daughter in marriage and Dr. Carr Locke read the marriage service. The church was transformed into a garden of roses with a profusion of white stock and sprays of gypsophylla, and tulle ribbons were combined on the altar and topped the pew posts. Miss Lucille Nicholas assisted as the bride's only attendant and Edmund Locke, Jr., served his brother as best man. The bride was charming in her gown of white satin with bands of clipped white tulle, the veil of tulle forming the train and being caught to her head by sprays of orange blossoms. She carried an arm shower of bride's roses and lilies of the valley. Mrs. Nicholas wore a gown of yellow chiffon, beaded in crystals over yellow satin, and a wreath of golden leaves crowned her hair. Her bouquet was of yellow tea roses and Scotch heather. An informal reception at the church followed the ceremony and later the bridal party and a few close friends and relatives repaired to the home of the bride's parents in Arapahoe street where a wedding supper was served. Mr. and Mrs. Locke are motoring through the north for ten days and after their return will make their home here. The bride was graduated from University of California, Southern Branch and Mr. Locke received his degree from Brown University of Providence.

Assembly Dance The assembly dances in the music room of the Biltmore, following the Philharmonic symphony concert Saturday evening, are proving in the end more popular. Tomorrow evening the reception committee includes Commander and Mrs. James Reed Dr. and Mrs. Ernest Albert Bryant, Mr. and Mrs. William Preston Harrison, Dr. and Mrs. Isaac Hampshire Jones, Mr. and Mrs. Robert Frank Green, and Mrs. Seconda Guasti, Jr., Dr. and Mrs. John Moore Schmoeller, Mr. and Mrs. George H. Hervey, Mrs. Aileen McCarthy-Adams, Miss Alice Hicks and Miss Eleanor Cole.

At Country Club Mrs. William D. Howard, Mrs. Rex B. Goodell and Mrs. A. E. Halsey were club hostesses at the luncheon given Tuesday afternoon at the El Caballero Country Club. The guests were charmingly entertained and following the luncheon, bridge and dancing featured the afternoon. The clubhouse was beautifully decorated with ferns and flowers and the evening's entertainment. The bride wore a becoming costume of white satin with pearl trimmings, the veil of tulle being fastened by orange blossoms, and she carried orchids and lilies of the valley. F. G. Anderson assisted as matron of honor, while Mr. Anderson

Mitchell-Kleinmeyer The Southwest Athletic Club was the setting chosen by Mrs. Cynthia W. Mitchell, daughter of Mr. and Mrs. Jesse E. Mitchell of 1245 West Eighty-eighth street, for her marriage last evening to E. Kleinmeyer, son of the late Mr. and Mrs. E. F. Kleinmeyer and Mrs. E. F. Kleinmeyer and Mrs. E. F. Kleinmeyer. The ceremony took place at 8 o'clock, Rev. W. H. Farrar of the church officiating. The bride wore a becoming costume of white satin with pearl trimmings, the veil of tulle being fastened by orange blossoms, and she carried orchids and lilies of the valley. F. G. Anderson assisted as matron of honor, while Mr. Anderson

Why Cat Lights on Feet Prof. L. H. Gilmore of the department of physics, California Institute of Technology, will be the speaker tonight at the weekly science lecture at the institution. Properties of spinning bodies will be the subject and several spectacular illustrations will be given. It will be explained why a falling cat lights on its feet, among other things.

Constipation means MELANCHOLY and DISEASE Melancholy for the Mother, disease for the Child! The responsibility of the mother does not end with properly clothing and feeding the baby. Her own health is directly reflected in the little one, and the poisons bottled up in her body

You just KNOW they're well You, too, can keep your self and baby well and happy

You just know they're NOT well There is no reason for you or your baby to look or feel this way

Dr Caldwell's SYRUP PEPSIN The Family Laxative —relieves constipation. It is a pure, harmless, gentle combination of Egyptian sena, pepsin and aromatics in liquid form that opens up the bowels, and promotes and encourages Nature to perform her proper functions. No doctor could give you a better laxative than this one of Dr. Caldwell's which has been used for over 30 years.

As Pleasant, Easy and Effective For Mother As For Baby It is mild and wholly free from opiates or narcotics. Because it is so pleasant to take, babies and old men like it, and it should be in the medicine chest of every family for instant use. More than 10,000,000 bottles used annually prove its effectiveness.

When Constipated It is sold everywhere medicines are sold and guaranteed 100% at our risk. Your druggist will return your money if it fails to do as promised.

Rhode Island, is a Pal Upsilon fraternity member.

Home Wedding Another wedding of yesterday which is of much interest to local society was that of Miss Florence Ruth Benton, daughter of Martin Benton of Minneapolis, who became the bride at high-noon of William Penfold Stillman, son of the late Charles Stillman of New York, and Mrs. W. B. Jacoby of Burlington, Vt. The ceremony took place at the home of the bride's brother, Victor LeRoy Benton, 2247 Country Club Drive, with only the immediate relatives and a few close friends in attendance. Following the ceremony a wedding dinner was given by Mr. and Mrs. Arthur M. McLehman of the Victoria Arms and later Mr. and Mrs. Stillman left on their wedding trip which will include Mexico City. Among the charmingly arranged affairs given in honor of the bride, who has been visiting her brother and sister-in-law, was a dinner dance at the El Caballero Country Club and Christmas Eve Judge James R. Killian entertained with a dinner party at the Jonathan Club, when the announcement of the engagement of Miss Benton and Mr. Stillman was made. The bride, who is a talented musician, having a beautiful voice, has been in New York City for some time pursuing her musical studies. After their return from their wedding trip, Mr. and Mrs. Stillman will make their home at the Victoria Arms, and a number of post-nuptial affairs are being arranged in her honor soon after her return.

Assembly Dance The assembly dances in the music room of the Biltmore, following the Philharmonic symphony concert Saturday evening, are proving in the end more popular. Tomorrow evening the reception committee includes Commander and Mrs. James Reed Dr. and Mrs. Ernest Albert Bryant, Mr. and Mrs. William Preston Harrison, Dr. and Mrs. Isaac Hampshire Jones, Mr. and Mrs. Robert Frank Green, and Mrs. Seconda Guasti, Jr., Dr. and Mrs. John Moore Schmoeller, Mr. and Mrs. George H. Hervey, Mrs. Aileen McCarthy-Adams, Miss Alice Hicks and Miss Eleanor Cole.

At Country Club Mrs. William D. Howard, Mrs. Rex B. Goodell and Mrs. A. E. Halsey were club hostesses at the luncheon given Tuesday afternoon at the El Caballero Country Club. The guests were charmingly entertained and following the luncheon, bridge and dancing featured the afternoon. The clubhouse was beautifully decorated with ferns and flowers and the evening's entertainment. The bride wore a becoming costume of white satin with pearl trimmings, the veil of tulle being fastened by orange blossoms, and she carried orchids and lilies of the valley. F. G. Anderson assisted as matron of honor, while Mr. Anderson

Mitchell-Kleinmeyer The Southwest Athletic Club was the setting chosen by Mrs. Cynthia W. Mitchell, daughter of Mr. and Mrs. Jesse E. Mitchell of 1245 West Eighty-eighth street, for her marriage last evening to E. Kleinmeyer, son of the late Mr. and Mrs. E. F. Kleinmeyer and Mrs. E. F. Kleinmeyer. The ceremony took place at 8 o'clock, Rev. W. H. Farrar of the church officiating. The bride wore a becoming costume of white satin with pearl trimmings, the veil of tulle being fastened by orange blossoms, and she carried orchids and lilies of the valley. F. G. Anderson assisted as matron of honor, while Mr. Anderson

Why Cat Lights on Feet Prof. L. H. Gilmore of the department of physics, California Institute of Technology, will be the speaker tonight at the weekly science lecture at the institution. Properties of spinning bodies will be the subject and several spectacular illustrations will be given. It will be explained why a falling cat lights on its feet, among other things.

Constipation means MELANCHOLY and DISEASE Melancholy for the Mother, disease for the Child! The responsibility of the mother does not end with properly clothing and feeding the baby. Her own health is directly reflected in the little one, and the poisons bottled up in her body

You just KNOW they're well You, too, can keep your self and baby well and happy

You just know they're NOT well There is no reason for you or your baby to look or feel this way

Dr Caldwell's SYRUP PEPSIN The Family Laxative —relieves constipation. It is a pure, harmless, gentle combination of Egyptian sena, pepsin and aromatics in liquid form that opens up the bowels, and promotes and encourages Nature to perform her proper functions. No doctor could give you a better laxative than this one of Dr. Caldwell's which has been used for over 30 years.

As Pleasant, Easy and Effective For Mother As For Baby It is mild and wholly free from opiates or narcotics. Because it is so pleasant to take, babies and old men like it, and it should be in the medicine chest of every family for instant use. More than 10,000,000 bottles used annually prove its effectiveness.

OUR SHORT STORIES

Surveying the whole ten years of American short-story writing, Edward J. O'Brien discovers a universal sadness. He does not look for any one human quality. Instead his task is to denigrate "the essential human qualities in our contemporary fiction which, when chronicled, conscientiously by our literary artists, may fairly be called a criticism of life." But this is the result: "It is sad in its subject matter, even when it professes to be gay. It is gayety is defiant and a little shamefaced. It laughs to keep up its courage and is on the

But the story whose emotion is genuine, or has genuine emotion, is sad. The stories which have the least emotion have usually been sad.

I have not chosen them for their sadness, and I have searched untiringly for stories of joy, but I seldom found the joy. The emotions have shaped the American short story to the realism of the English, and the English is a nonfantastic of escape. We are a people who feel trapped and who want to get out of it. We are and who weep over it all day and we train ourselves to a fixed and rigid emotion, and a fixed line—talked about by trivialities.

"We talked about motor cars, housekeeping appliances, to hissing and smoking, and I told myself what I feel that they have mimed. But I have sensed that I am a man, and that cars and when they are not dreaming of escape, they are dreaming of escape. They are faces, yet when they look up they all pretend to be happy and you and I accept the pretence. They are faces, and they turn to business and speed for compensation."—[Literary Digest]

Unbelievable Weight in Ocean's
Depth. Does Curious Things

When you drop something into two or three miles of ocean, you immediately invite hard usage. First, there is the pressure of the water. At the bottom of the sea a 1000 fathoms (approximately one mile) is one atmosphere of pressure. At 10,000 fathoms, the pressure is 100 times as great as the air which we breathe. Go down 2000 fathoms and you have a pressure many times more powerful than that of the steam in a locomotive boiler.

Cartier told me of a test that was made on the cable ship *Colonia* in mid-ocean. A bottle of the kind that has a conical bottom—was filled with a stopper of hardwood trimmed with a rubber neck of the bottle snugly, and put so as to make it barely float. The bottle was weighted and let down to a depth of 2000 fathoms. When it was hauled up, the point of the wooden stopper was protruding through the thick glass bottom. The stopper was removed and inverted the stopper into a hydraulic rammer, and had driven it into the bottom of the bottle that there wasn't even a star fracture in the glass.
